Protection from Every Angle

The Dotworkz BR-APM1 Adjustable Base Parapet allows for multiple angle articulation and streamlines camera aiming. This makes cameras simple to install in the most precarious of places, in both indoor and outdoor locations.

The BR-APM1 Adjustable Base Parapet is designed to withstand high wind environments, while running protected cables inside the extend arm for a clean-looking and long-lasting installations. Compatible with all Dotworkz D-Series enclosures, the BR-APM1 Adjustable Base Parapet Mount helps safely and effectively protect cameras from every angle.

BR-APM1: Dotworkz Adjustable Base Parapet Mount

Features:

- Compatible with all Dotworkz D-Series
- Designed to Simplify Camera Aiming
- 50 lb. load rating
- All aluminum/Steel construction
- Epoxy painted per Mil-P-53022-Type 1
- Versatile Installation Option

Description:

Built with the same attention to detail as Dotworkz outdoor housings, the BR-APM1 Adjustable Base Parapet has been engineered to make installations faster and more efficient. The Dotworkz Adjustable Base Parapet allows PTZ (Pan/Tilt/Zoom) cameras to be mounted in areas with odd and difficult to manage angles such as pitched roofs, angled soffits, and lofted ceilings.
